CAPT. HOLLERBACH LOSES HIS LIFE.

Wealthy Contractor, Well Known Here,
Drowned in Ohio River.

The steamer "Old Reliable" was sunk in the Ohio river near Evansville, Ind., Monday, and Capt. Arch Hollerbach, of the government contracting firm of Hollerbach & May, of Evansville, lost his life. He was about sixty years old and one of the best known men along the lower Ohio river. He was on his way to Mound City, Ill., to look after some government work.

Capt. Hollerbach was the only man on the boat who lost his life, although the crew escaped just in time to save their lives. The "Old Reliable," which belonged to the company, was towing a heavy tow of some. The barge in front was chained to the steamer and early Monday morning the barge began to leak and the crew was aroused. When the barge was out loose from the steamer, Capt. Hollerbach ran back into the cabin to get his shoes and at that minute the steamer, which had evidently sprung a leak, sank to the bottom of the river.

Capt. Hollerbach and his son-in-law, Sam May, built the Saltwater dam and were well known in this city. Mr. and Mrs. May boarded at the Brunswick while the work was going on and made many friends while here. Capt. Hollerbach was a frequent visitor here.

ILLINOIS CENTRAL HEADED FOR EASTERN KENTUCKY.

Whitesburg, Ky., Mar. 21.—That Letcher county's extensive coal fields will get another trunk line of railroad is given out as practically certain.

The Illinois Central, being anxious to tap the rich coal beds of the Elkhorn coal fields, is said to have bought the right of way of the new Cincinnati, Licking Valley & Virginia railroad, whose survey was made and right of way secured last year from a point in Kentucky near Cincinnati through the counties of Morgan, Magoffin, Johnson, Floyd and Knott, fine coal and timber territory, passing through the Beaver, Boone's Fork and Elkhorn Creek fields—terminating in this (Letcher) county, near the Virginia border, one of the most important routes any railroad has attempted in Kentucky in years. Thomas H. Walker, of Cincinnati, the chief promoter of the Cincinnati, Licking Valley & Virginia road, had everything practically in readiness for its construction when the Illinois Central made a proposition to buy. The deal was immediately consummated, and it is said that arrangements will be made at once looking to the road's construction. For years the Illinois Central has been anxious to get into Cincinnati and by this arrangement it will do so. The road will be about 250 miles long, two-thirds of which will be through extensive coal and timber fields.

ROBBERY AT HUNTINGTON.

A big daylight robbery of a Huntington jewelry store occurred on Saturday last. Same old story. A man and a woman walked into the store, looked at a tray of diamonds, didn't buy, walked out, another man came in alone, asked to see diamond rings, put one on his finger. This seemed to be a signal, for as he put the ring on a man with a pistol walked in, covered the salesman with the gun and the other fellow seized the tray and all got away. The diamonds are said to be worth \$20,000.

FIRST SHIPMENTS OF COAL FROM ELKHORN COMPANY

The first shipments of coal from the Elkhorn Fuel Company's big coal plants at Weeksbury and Wayland, new industrial cities in the Beaver coal fields north of Whitesburg, have gone out, destined for the big markets of the north and west and the Great Lake region. Several hundred men are still at work in the two cities in their further construction, and building machine shops, supply houses, etc.

GOOD TIMBER TIDE.

There has recently been a good timber tide in the Big Sandy and a large number of fine rafters have gone out. Up to this date, this month, 570 rafters have passed Louisa, approximating 1,425,000 cubic feet.

The marriage of Miss Elizabeth Waldrop to Charles Fleming Burdette, of Big Stone Gap, Va., occurred at Rockcastle, Ky., Saturday evening, March 14. Miss Waldrop formerly made her home with her father, the Misses Mitchell, and was of Ashland's most popular girls. She and her mother have had charge of the club house for the Rockcastle Lumber Co. for the past two years. Mr. Burdette holds a responsible position with the company that place.—Independent.

AN APPRECIATION.

At a recent meeting of the N. K. W. C. the following was presented and adopted:

We, the members of the Nora Kennison Woman's Club, hereby in a small degree express our appreciation of the faithful services and unceasing efforts of our retiring president, Mrs. Nora Kennison. The most that could be said would be that she has indeed been a leader and that she has meant to our Club. It owes to her its very being. Through her gentle guidance we have been led to see the many beauties of nature, literature and art; thus inspiring in us a greater desire to pursue study along these lines. We wish to extend to her our heartfelt thanks for her services to us and hope that after a year's rest from responsibilities, she may be able to resume her work as leader and again occupy the presidents' chair. In the meantime we will be glad to welcome her as a member of the Club and trust she may be able to be with us each meeting.

FIREMAN WALTERS DEAD.

C. & O. fireman Jas. P. Walters, who was so badly scalded on Mar. 7th, when the engine upon which he was riding overturned near Ford branch, on the Big Sandy division, while backing around a curve, died last Saturday night at the King's Daughters' hospital, Ashland, where he was taken following the accident and where he received every care possible. His death was due to his burns and pneumonia which followed. Mr. Walters, who was thirty years of age, was one of the most popular men on the road, and his tragic death has caused sincere sorrow among his fellow railroad men and among all others by whom he was known. He was a valued member of the Railroad Firemen—Ashland Independent.

C & O. WILL EXPEND LARGE SUM.

Seventeen Millions to be Used in
Improvements and Extensions.

A large issue of five-year notes (\$33,000,000) has been sold by the Chesapeake & Ohio Railway to Kuhn, Loeb & Co. and the National City Bank of New York. The issue, which bears 5 per cent. interest, is conditioned upon a promise of the company to put back into the property during the life of the notes, which are dated June 1, 1914, the sum of \$17,000,000 out of earnings. This money, all of which is to be devoted to capital expenditures, is to be appropriated as follows: \$2,000,000 the first year, \$4,000,000 the second year and \$4,000,000 per year for each of the next three years. This will include payments and discounts on equipment.

The proceeds of the notes will be used to pay off \$28,500,000 of year notes which will mature on June 1, the balance remaining after this payment to be employed as working capital. These notes are part of an authorized issue of \$40,000,000, so that there are remaining \$7,000,000 which may be issued for future capital requirements. They will not, however, be issued before July 1 of next year without the written consent of the underwriters of the notes just sold.

A statement issued by the railway company says that traffic continues to develop in its territory on a large scale, particularly because of the growing markets for West Virginia and Kentucky coal. Reference is also made to the impending completion of the Cincinnati Railroad to a connection with the C. & O., which is expected to add not a little traffic to the latter's line.—Manufacturer's Record.

DON'T FORGET THE MUSICALS.

It will be given Friday evening, March 27, at the Masonic Hall. The entertainers will be Miss Katherine Froese and the Misses May and Nora Sammons, of Louisa, and Mr. Nelson Weedon, the eminent singer and pianist of Ashland. The proceeds will go to the Baptist Church. Price of admission 25 and 35 cents. A program of exceptional merit has been prepared. It embraced vocal and piano music, solos and duets. Mr. Weedon must be heard to be appreciated, and it is a delight to hear the ladies sing and play. Be sure to go.

MRS. CORA W. STEWART ILL.

Mrs. Cora Wilson Stewart, founder of the "moonlight schools" in Rowan county, who has been making a lecture tour of Kentucky in the interest of education, is in a hospital in Louisville suffering from a nervous breakdown, with which she was stricken at Paducah. Her condition is not serious, according to the attending physician.

HOW TO AVOID MISHAPS

The regular monthly meeting of the Divisional Safety committee of the Huntington & Big Sandy divisions of the C. & O. railroad was held in Huntington recently. Several important matters in the way of remedying conditions to prevent injury to employees and passengers of the railroad, were discussed. A resolution was adopted directing that the Chairman of the safety committee communicate with the state representatives in the various counties through which the lines of the C. & O. pass and place in their hands a copy of the safety first bulletin No. 14, and ask the support of these legislators in an effort to secure the enactment. Also the chairman employ some ways and means to communicate with the councilmen of all incorporated towns and cities along the lines of the railroad with the same object in view.

The Safety First committee seeks to have the public generally and school children in particular taught how to avoid railroad accidents, and to this end it will endeavor to have laws enacted making it the duty of each teacher in the public schools of the State to devote not less than thirty minutes in each month of the school session for the purpose of instructing the pupils therein as to ways and means of proper observation so as to prevent accidents.

The law would also provide that the pamphlets shall be placed in the hands of teachers, giving ample instruction in the best way to avoid mishaps growing out of carelessness and ignorance.

H. G. Wellman, of this city, is a member of the committee.

PROMINENT BOLT'S FORK MAN DEAD.

J. Taylor Ross died Sunday night at his residence on Bots Fork, in Boyd county, after an illness of three weeks of jaundice, at the age of sixty-five years. Mr. Ross was the son of Judge Jack Ross, the first county judge of Boyd county. He was born and lived all his life near the place where he surrendered to the enemy, death. His death was not unexpected, as his friends and relatives had been summoned from a distance and were present when the end came peacefully.

Mr. Ross early in life was united in marriage to Miss Belle Kille, a daughter of William Kille, of Glenwood, who survived him. He is also survived by the following children: Maude and Beva Johnson, who live at East Liverpool, Ohio; Sam, Millard, Lon, Ed; George and Henry, who are still at home; and by the following brothers and sisters: George, at Mavitt; John, Buchanan; W. L. Dave and Critt, Rush; and J. H. of Ashland; Mrs. Susan Kille, Susan Stanley and Mollie Kille, of Rush; Sallie Millis, Catlettsburg; and Anna Justice, of Ashland.—Independent.

HELPED HER CELEBRATE.

Monday, March 23, was the 13th anniversary of Miss Virginia Hager's birthday, and many of her juvenile friends assembled at her home and helped appropriately observe so interesting an event. Miss Virginia received many souvenirs of the pleasant occasion. A year ago she was the proud recipient of a fine piano, won in the NEWS popularity contest.

CARD OF THANKS.

We take this method of thanking our members and friends for the very excellent donation given us on Monday night, March 16th. To say that we appreciate this expression of love for us is putting it mildly. May our Father richly reward you all is our prayer. The Pastor and wife.

Mr. and Mrs. Olus Hamilton.

GOVERNOR SIGNS STATE AID ROAD BILL.

McDyer's Important Measure Becomes
a Law, Effective for 1915

Gov. McCreary has signed the State Aid Bill, levying a tax of five cents on the \$100 to create a State road fund with which to aid counties in improving roads. The law goes into effect in 1915, and provides that where a county uses its road fund for permanent improvements under the conditions of the law, which requires plans to be prepared by the State road department and the approval of the contract by the commissioner, the State shall put up dollar for dollar with the county.

MEETING OF SOCIETIES.

A meeting of the Adult and Young People's Missionary Societies will be held at the M. E. Church South Saturday afternoon at 2:00 o'clock. A report will be given of the annual meeting of the Woman's Missionary Society of the Western Virginia Conference, held March 5 to 9 inst., in Huntington. The women of the congregation are urged to be present and a cordial invitation is extended to all.

EXPERIMENT STATION WITHIN OUR REACH.

Officials Will Be At Louisa Next Week
to Make a Proposition.

Dr. Joseph H. Kastle, of the State Agricultural experiment station, makes this proposition to the people of this section:

If they will donate to the experiment station fifty acres of land it will bring the same under general cultivation as a farm and will plant upon it an orchard of from five to twenty acres, the remainder to be used as a farm for general purposes. The experiment people will erect upon it a simple, inexpensive dwelling for the man having charge of the work, and out of the proceeds of the farm and orchard will keep a man on the place the year round, carry on the experimental work, the Station to have the proceeds of the farm and orchard.

Or, if the farmers of this vicinity will put at the disposal of the experiment station rent free, for 15 or 20 years, five to ten acres of land, as a part of a farm now under general cultivation and will agree to cultivate this orchard according to our direction and without expense to the Station, they will plant an experimental orchard thereon and agree to conduct such experiments in orcharding as seem best suited ultimately to the progress of fruit growing in this part of the State, the experimentation to include a variety of tests, a study of fertilizers required, and the effect of spraying and pruning. The Station to pay for any labor actually put upon the orchard and take the fruit.

Dr. C. W. Mathews, of the Experiment Station, will be here the latter part of next week and will be glad to meet our citizens and talk over this matter with them. The possible benefits of having an orchard experiment station in this county are great and the people should show an interest in such an undertaking.

HERE IS THE SECRET OF LOBACC BREAD.

Take Pillsbury's flour. Table salt. Pure water. Pure lard (Baker's special). Cane sugar. Corn sugar (from young corn). Evaporated milk. Yeast. Malt extract (yeast stimulator). Of each a sufficient quantity. Mix thoroughly for 30 minutes at a temperature of 75 deg. Fahrenheit. Set the mass aside and let it stand for 5 1/2 hours. Bake in an oven where an even temperature of 350 degrees is maintained for thirty minutes.

Here you have, in brief, the prescription and mode of preparation for the best bread ever put on the Louisa market—the famous Lobacc loaf, made by the Louisa Baking Co. It is a very easy thing to write this "prescription," but its reading conveys only a faint impression of the various steps or processes through which the flour goes from the moment it leaves the sack until it is put into the neat cartons or boxes in which it is sent to the retailer.

The first step is the sifting. A big sack of the high grade "Pillsbury" is put into a sifter which is worked by machinery, and when it comes out it is absolutely free of all foreign substances.

As flour used for baking is supposed to be clean, but the good housewife knows by experience that with the best of care, impurities get into flour. Hence the careful sifting their flour gets at the Lobacc bakery. The clean flour then goes to the mixer, where it is intimately mixed with the water, salt, lard, cane and corn sugars, milk, yeast and malt extract. To the mind of the NEWS this mixing is the most interesting part of the whole process of baking. The mixer is a huge vat of a concern in which revolves a sort of double wheel formed of steel blades set so that each blade goes half way across the shaft, but so arranged that the blades do not form a continuous line. As the wheel revolves and the dough drops from one blade the next one on the opposite side picks it up, thus mixing the dough and incorporating the ingredients as nothing else could do. It is an interesting sight to watch the various materials mix and mingle, changing form and color until they become a homogeneous mass.

This mass is put into a long trough—pronounced so as to rhyme with snow—where it remains five hours and thirty minutes, during which time it goes through three stages, the fermentative, the alcoholic and the putrefactive, care being taken that this last but necessary change does not continue too long.

At a temperature of 75 fermentation soon begins and the sponge begins to rise. That it should not become too full of carbonic gas, the mass is regularly "punched down," which breaks the bubbles and expels

the gas. At the end of the five and a half hours the mass is put into the "divider," power is applied and presently here come chunks of dough, each weighing 16 ounces. These go into the "former," where these pieces are shaped into loaves which are put into pans, each is labeled, and into the oven they go. In thirty minutes they are ready for the dealer and the consumer.

Such, in brief, is the journey of a sack of flour from the container to the carton. During the entire trip the most scrupulous care and cleanliness are observed. Nothing but the best of everything is used. There is no guess work in any part of the proceeding. The quantity of each material is accurately weighed or measured, and every step is taken according to a fixed method.

Great care is taken that perfect cleanliness be maintained throughout the entire process of making the bread and other products of the Louisa Bakery. The other products are cakes of various kinds, all good, and pies fully as good as "mother used to make." The brown bread and buns are delicious.

The present capacity of the plant is from 1600 to 1800 loaves a day, and there is no "left overs." The demand is large and increasing, and there is no complaint whatever concerning the quality of the product or the conduct of the business. The company, all Louisa people, with B. E. Adams as manager, began business about December 1st, 1913. It was a success from the day the first batch of dough was put into the oven, and the product of the plant and the fair dealing of the company insure a continuation and increase of the business.

EASTER BAZAR.

The Home Department of the Woman's Missionary Society will have charge of an Easter Bazar for the ladies of the M. E. Church South of Louisa, on Friday and Saturday, April 10th and 11th. The place will be announced later. Every member of the church is requested to contribute one or more articles. The usual line of ladies' articles is desired. Also, will serve refreshments of various kinds.

The proceeds of the bazar will go into a fund for the proposed new church, and all members are urged to help make the affair a great success. Grace F. Carey, Sec. Home Dept. W.M.S.

Mrs. Anna Kerr and Mrs. Thomas Cherrington entertained a few friends yesterday for dinner celebrating the 79th birthday. Mrs. J. Gartrell received flowers and many tokens of remembrance from her friends. She thoroughly enjoyed the occasion and is one of the youngest women for her age we know.—Ashland Independent.

Mrs. Gartrell has many relatives in Louisa.

HEBER RICE.

The Huntington Advertiser contained the following complimentary notice of Heber Rice, a former Rainsville young man:

Among the active, energetic young legal practitioners in this city whose splendid success bears out the truth of the above assertion, is Heber H. Rice, who has been practicing his profession here for the past six years and who has risen to a place of high rank in the professional, public and commercial life of the city, while is equally prominent in the social and civic life of the city.

Heber H. Rice was born in Johnson county, Ky., Dec. 21, 1882. He was educated in the public schools and at the University of Kentucky, graduating from the latter as president of his class 1904, with the degree of bachelor of science. He graduated in law from Harvard in 1907 with degree of LL. B., and the following year opened his office in this city. No young man coming to this city has more readily gained a place of prominence. He was honored with the republican nomination for the legislature in 1910 and in 1912 managed the campaign for governor Hammett for the nomination in this county. The same year he was a delegate to the republican national convention in Chicago.

KENTUCKY NORMAL COLLEGE.

The K. N. C. is now alive with students of both sexes. The spring term began most auspiciously and much earnest work will be done by the young men and women. The NEWS has said so much in favor of this splendid school that little is left for it to say now. Special interest centers in the college just now, owing to the fact that the annual examinations are approaching. They will not be easier than heretofore, and the K. N. C. takes much pains to enable its students to pass these different ordeals successfully. Students of the college are sought after as teachers and are preferred by school boards. Act upon this hint.

FARMERS URGED TO ATTEND THESE MEETINGS.

Mr. E. S. Kegley, County Agricultural Agent, will meet with the farmers and others at the following times and places next week. Let there be a large attendance. This movement is taking a firm hold on our citizens and much good will result.

GOOD NEWS FROM MR. MAYO.

The news from Mr. J. C. C. Mayo is of the most hopeful and cheering character. He is "at himself," has no fever, takes solid food and sleeps well. His physician, who has been with him constantly for nearly four weeks, says without reservation that Mr. Mayo is on the high road to recovery. All this is joyous tidings to the many friends of the sick man and brings a feeling of relief to the people of the Big Sandy.

R. D. CARRIERS.

At the examination held in this city March 14 for the position of rural delivery carrier, there were ten applicants: Everett Thompson, Hiram Layne, Jeff Wilson, J. S. Judd, Jay Roberts, C. B. Peters, J. R. Bowling, Fred Peters, Joe Merchant and W. D. See.

The examination was conducted by Postmaster Hughes and the papers were sent to Washington. The results will be published when known.

STATE BOARD RAISES VALUATION

Only a Few Eastern Kentucky Counties
Escape Increases.

The State Board of Equalization has raised the valuation of Eastern Kentucky counties as follows: Boyd, 10 per cent. on land and lots; Floyd, 15 on land and 10 on lots; Harlan, 10 on land and 5 on lots; Lawrence, 10 on land; Magoffin, 15 on land; Martin, 15 on land; Pike, 10 on land and 15 on lots; Wolfe, 10 on land and 5 on lots. Knott, Letcher and Morgan were not raised.

Protests from counties will be heard between April 7 and 28.

CRUSHED HIS ARM.

S. E. Owens, of Dewey, Ky., took his 16-year-old daughter to a Huntington hospital recently, where she was successfully operated on. Mr. Owens met with quite a mishap. He and others were in the baggage car and were standing the cot on which Miss Owens lay as the train was leaving the station, when the man in charge of the car slammed the door of the car on his arm badly crushing the same.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

Thoughts of the Future.

It is the fault of many parents in this easy going land that they allow their boys and girls to grow up without any apparent thought of the future. They seem willing to take the chances that their boys will acquire business habits and be able to take care of themselves, as Dogberry assumed reading and writing were acquired by nature. The habits of idleness, which are all the boy has learned, are not easily overcome and prove a stumbling block at the beginning of his career. How many foolish mothers excuse themselves for bringing up their daughters in idleness, with the thought they will certainly marry, as if an idle wife and mother were not a more despicable object than an idle maid. They cannot realize the suffering the girl must go through in order to overcome the habits of ease in which she has been reared if she is ever to be a useful woman.

The lesson which it is most necessary to teach our children is one of thoughtfulness and industry. This is a lesson that must be constantly instilled into the child and growing boy and girl. As the population of the land increases, the opportunities for successful careers are narrowing, and none need hope to attain success without systematic, industrious habits.

The heights by great men reached and kept
Were not attained by sudden flight;
But they, while their comrades slept,
Were toiling upward in the night.

Judaism and Christianity.

Deep in the heart of Judaism is enshrined a sacred, an immortal word—duty—which makes of man a moral source of the universe. Deep in the heart of Christianity is enshrined a sacred and immortal word—love—which makes of a man a spiritual being and links him to the divine source of all life. Humanity needs both these words in order to become the perfect creation it was meant to be. The one gives the consequence, the other the heart of mankind, the one is the masculine, the

other the feminine element of the world. Judaism gives the Ten Commandments, and Christianity the Beatitudes. But only the two together can yield the perfect ideal—the love that is simply the highest duty, and duty that is lost in love. And, in order to come into this closer, higher union, into the faith which makes humanity whole, and not a thing of parts, and the truth which makes men free, fixed and formed codes must disappear; the outer framework of history and theology must fall away, and spirit be left free to seek spirit. Then, and then only, will life have its whole meaning, as part of a larger life whose beginning and end are hidden from mortal vision. Religion will have its full way, and yet there will be none who persecute, and none who are persecuted, "for the earth shall be full of the knowledge of the Lord, as the waters cover the sea."

Work Less, Rest More.

Women who have the care of a house devoting upon them are too apt to degenerate into mere drudges, sacrificing every pleasure and recreation in the endeavor to minister to the physical needs of their families. And what a mistake they make in this regard. Their physical welfare is only a part of a mother's duty. Children need sympathy and companionship daily and hourly and where is it to come from if the mother is always tired and most always cross. It is pleasant to see a home neat and tidy, but it is better to see a littered floor sometimes, than to have the children scold all the time to keep it neat. A child enjoys a play better if mother will suggest or help them in it. Music can be made a pleasant feature in the home life also. Verily a mother's mission is one of the most important in this world, and we should try to fill it in the best possible way.

In the moments of despondency that comes to every life—when cherished plans seem likely to fail, when disappointment instead of success caps our best endeavors, when everything goes wrong and the world looks blue to us—how exasperating the advice: "Look on the bright side; all will yet be well!" This advice we must take, however. It is the people who cultivate the habit of looking on the bright side that ultimately are successful. For to mope over misfortune is to be conquered by misfortune; to grumble at our fate is to invite a repetition of fate's frown; to live in the shadow of adversity is to droop and dwindle and die. Our only hope lies in a struggle toward the sunshine.

An evangelist said that if men are to be permitted to use profanity while traveling, a special car should be provided for them. The suggestion is a good one. Next to a drunken man, the fellow who turns loose a flood of profanity within the hearing of respectable people is the most disgusting nuisance in public carriers. If men are to be allowed to use profanity with impunity when traveling separate apartments should be provided for them in all public conveyances.

Stains are the trial of a woman who does the family wash in the old way. Coffee, fruit, egg and occasionally blood stains.

Stains are easy for Fels-Naptha Soap. It simply makes them disappear, leaving the clothes clean, white and pure. All this is done in cool or lukewarm water, without boiling or hard rubbing. Then, too, Fels-Naptha Soap does not harm the fiber of the cloth as boiling does.

Be sure to get the genuine Fels-Naptha Soap. It comes in the red and green wrapper, with full directions for its use printed on the inside.

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache; means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste, matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

WHITE LILY.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify your hair! Make it soft, fluffy and luxuriant—Try the moist cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and shimmer of true hair health.

Get a 25-cent bottle of "Knowlton" Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good.

I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

NOTICE TO CONTRACTORS.

The County Judge of Lawrence County will receive sealed bids till noon Saturday, April 4, 1914, for putting and keeping in repairs the following roads for one year—

(1) The road from mouth of Brushy creek to Blaine creek to Louisa corporation line, at mouth of Lick creek.

(2) From Webbville bridge across Dry Creek to Louisa corporation line (the route along mho posts).

(3) Road from Webbville to Blaine town.

(4) Road from Carter county line to Boyd line, down main East Fork.

(5) Road from or near mouth of Little East Fork via Long branch and Fallsburg to Yatesville.

(6) Road from Granville Thompson's on Lick Creek to Johnson county line.

(7) Road from Louisa and Ft. Gay bridge to mouth of Rockcastle.

(8) Road from Blaine town to Morgan-Johnson line.

Contractors will be required to give bond to an amount equal to contract price, for the performance of duties as enumerated in specifications. Bond to be approved by County Judge. 60 per cent of contract price to be allowed at October 1914 term of court and balance to be allowed at April 1915 term. Specifications and all necessary information may be had at office of County Road Engineer. The county reserves the right to reject all bids for any cause.

The above will be let in two-mile sections. Will let sections anywhere on the above road, any part or as a whole. Contractor to act as agent and warn and work men belonging to his section or sections, county to deduct such labor from contract price at the rate of \$1.00 per day. A great many of the roads were ditched last year, and we should be able to let the above roads at a price that is reasonable. Farmers and those interested in roads should take an interest. Take advantage of this and put the roads in good shape.

3t-4-3 B. J. CALLOWAY.

NOTICE.

To All Whom It May Concern: A petition having been filed with the County Judge for a road through or over the land of John G. Burns on Lick Creek, I will petition the County Court at its regular term in April 1914 for the appointment of two reviewers, who together with the County Road Engineer may make review of the proposed road over the land of John G. Burns, J. P. Gartin (trustee in bankruptcy for John G. Burns) Misses Saille and Caroline Burns, et al., that said reviewers may make survey, file maps, profiles, written report, so that the court may determine whether said proposed road ought to be built.

Respectfully, 2t-3-27 B. J. CALLOWAY.

Weak Women!

Some women are weak because of ills that are common

In Girlhood—Womanhood and Motherhood

The prescription which Dr. R. V. Pierce uses most successfully—in diseases of women—which has stood the test of nearly half a century—is

Dr. Pierce's Favorite Prescription

Take this in liquid or tablet form as a tonic and regulator!

Mrs. Kate D. Richardson, of Beasley, Essex Co., Va., says, "I esteem it a pleasure to testify to the wonderful curative qualities of Dr. Pierce's Favorite Prescription. For some years I suffered greatly with weakness peculiar to my sex. I was treated by several physicians but gradually grew worse. One of my friends told me of the good results of your 'Favorite Prescription.' I went to the drug store and got a bottle, and after taking it, with the 'Pleasant Pellets,' I commenced to get better. I never knew what happiness was, for I was always sick and complaining and made others as well as myself unhappy. So you see what a debt I owe you!"

OBITUARY.

On Monday night, March 2, 1914, our Heavenly Father saw fit, in his wisdom, to call from us our dear beloved cousin, Charley C. Lakins, son of James and Katherine Lakins.

His age was 18 years, 2 months and 22 days. Charley had been going to school at Grayson only two weeks, and he told some of his schoolmates that he was feeling bad

The physician pronounced it lagrip. He was brought home and lived 25 days. We believe the spirit of Charley is in the Paradise of rest. He seemed to understand that it was his duty to serve the Master and seemed to take a delight in so doing. Charley was a bright boy, and to know him was to love him. He was a kind and loving friend to all his associates and had a kind word for all, and was very obedient to his father. We realize our great loss, but in the sanctuary of God's love and promises there is recompense for all our sadness. Charley leaves father, mother, two brothers, Howard and Robert, and three sisters, Lella, Mabel and Lucille, to mourn his death. To these we extend our deepest sympathy.

The funeral was preached by Bro. Jarvis in the presence of about 400 relatives and friends.

Well does the poet say: "It's hard to break the tender cord When love has bound the heart; It's hard so hard to speak the word Must we forever part."

Winter's Chills Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its later stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

"Every Picture Tells a Story"

Spring Is Breaking; Backs Are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs:—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

LOUISA PEOPLE TESTIFY

Mrs. Fred Picklesimer

Mrs. Fred Picklesimer, Louisa, says: "For years I had kidney trouble. The kidney action was irregular, my back ached and there were pains in my sides. I was nervous and dizzy and mornings I felt all worn out. When I heard about Doan's Kidney Pills, I used some and they made me well. I have had no further trouble. All I said about Doan's Kidney Pills, when I recommended them before, still holds good."

J. B. Peters

J. B. Peters, Lock Ave., Louisa, says: "I was in a bad shape with kidney trouble. When sitting down for a few moments and attempting to get up, my back felt as if a heavy weight was tied to it. Sharp pains darted through my kidneys. After stooping it was hard to straighten. Rheumatic pains seemed to shoot all through my body, particularly in my knees, hips and joints. I was languid and all run down when I began taking Doan's Kidney Pills, procured at the Louisa Drug Store Co. They made me feel like a different person, correcting all the troubles. I have no hesitation in confirming my former public endorsement of Doan's Kidney Pills."

Mrs. R. Lewis

Mrs. R. Lewis, Franklin St., Louisa, says: "For a long time I suffered from various symptoms of kidney complaint. I experimented with many remedies but found no benefit until I took Doan's Kidney Pills. They gave me freedom from spells of backache, strengthened my kidneys and bladder and improved my health in every way. I am glad to confirm my former endorsement of Doan's Kidney Pills."

A. Wellman

A. Wellman, butcher, Main Cross Street, Louisa, says: "Doan's Kidney Pills are the finest kidney remedy I ever used. My kidneys gave me great annoyance for years. The action was irregular and the kidney secretions were unnatural. I also had backaches. Different medicines I used gave me no benefit until I began taking Doan's Kidney Pills. In a short time I began to feel better, and before long I was strong and well. I never tire of praising this excellent remedy."

William G. Shannon

William G. Shannon, Maple St., Louisa, says: "When I hear of anyone having kidney trouble, I always advise the use of Doan's Kidney Pills. For years I had been a sufferer from pains through my back and I had trouble in straightening after stooping. I was restless and when I got up in the morning I was tired. The kidney action was irregular. Finally I used Doan's Kidney Pills and they gave me relief. The kidney action became regular and the pains and aches left. I am glad to confirm what I have said about Doan's Kidney Pills, when I endorsed them before."

Mrs. Sarah Pigg

Mrs. Sarah Pigg, Louisa, says: "I suffered from symptoms of kidney trouble, all of which were painful and annoying. My back ached and I could hardly endure the dull, heavy pains. I was weak and tired and devoid of ambition. I had nervous headaches and dizzy spells and was annoyed by the kidney secretions. Doan's Kidney Pills were brought to my notice and procuring a box at the Louisa Drug Store Co. I began their use. They regulated the kidney action and entirely rid me of the suffering. The cure has been permanent. All I said about Doan's Kidney Pills, when I recommended them before, still holds good."

Doan's Kidney Pills

Sold at all druggist and general stores, 50c a box, or mailed on receipt of price by FOSTER-MILBURN CO., Buffalo, N. Y.

The Fact Remains

No amount of misrepresentation by the peddlers of alum baking powders, no juggling with chemicals, or pretended analysis, or cooked-up certificates, or falsehoods of any kind, can change the fact that

Royal Baking Powder has been found by the official examinations to be of the highest leavening efficiency, free from alum, and of absolute purity and wholesomeness.

Royal Baking Powder is indispensable for making finest and most economical food.

A Remarkably Fine Showing OF Beautiful FURNITURE

We have never before had such a remarkably beautiful showing of medium and high grade goods than at this time. Our line is exceptionally strong in living room, dining room and bed room furniture.

Of Exceptional Beauty Are Our BED ROOM SUITES

Period furniture seems to be extremely popular just now. Our bed room suites in the beautiful early designs, such as those in use during the Louis XVI or Colonial periods, present a very strong assortment of patterns; with an equally handsome selection in the "Adam" and "Sheraton" designs.

Our REED FURNITURE

is exceptional in its character. We have it in the most attractive designs, plain or handsomely upholstered, and thoroughly dependable in every way.

BEAR IN MIND THAT OUR FURNITURE WHILE THOROUGHLY RELIABLE IN QUALITY COSTS YOU NO MORE THAN THE ORDINARY KIND. WE INVITE COMPARISONS OF OUR VALUES. DO NOT FAIL TO SEE US NEXT TIME YOU ARE IN HUNTINGTON.

REAL ESTATE FOR SALE

A HOME THAT WILL PLEASE THE WHOLE FAMILY.

If you are looking for that kind of a home where life will be a pleasure, the days of drudgery past, come to Sciotoville, Ohio. It is a pleasure to farm on smooth land; it is a pleasure to drive on good roads; it is a pleasure to have the best of schools eight months in the year, good churches and Sunday Schools handy, and it is a real pleasure to haul off a load of Produce and get the cash for it at the best market in the Ohio valley from Cincinnati to Pittsburgh. I have a fine list of farms for sale—the very choice farms in the country, and at prices that are reasonable—some with the best of terms. You need not be out of a home and pay rent if you can pay a small payment down then the farm will pay for itself. Land produces well here; you can raise any crop here that can be raised in Kentucky. I have some of the best stock farms in Southern Ohio. Fine Blue Grass farms at reasonable prices. Some good poultry farms for sale. Also dairy farms. If you want a farm better write me to meet you at Sciotoville. I do not live in town, so be sure and write me four days before you start. Come on No. 15 on N. & W. Always if you write me I will be at the station. Don't stop till you see me. I will meet you any day except Sunday. Don't delay. I have been gathering up the best farms of the country all winter long. You will be out nothing after you get here. If you write me I will do all I can to help you. Then if you buy I will help you get a team and proper farming tools. There is always some teams placed in my hands for sale; cows, chickens and everything you need. I have special arrangements with a wholesale furniture store that if you buy a farm from me you get all you need for the house at wholesale prices and save the middleman's profit. You see I am looking after your interests as well as looking after selling the farms. A number of good locations for stores, blacksmith shops, grist mills, some with trades already established. It will pay you to buy a farm from the man that looks after all your interests as well as his own. If you have money to invest buy a farm and rent it. Land is going up every day. I have many calls for farms by men that want to rent. Get in line and see me before you buy. I have the best lot of farms ever was offered for sale in Scioto county. Write at once. Don't delay. Remember I have horses and rigs and will meet you rain or shine. Address all letters to FRED B. LYNCH, R. D. 1, Box 50, Sciotoville, O.

THE BEST CLIMATE IN U. S.

Come to Yuma, Arizona, the land of sunshine, no floods, no blizzards, no cyclones, sunshine 365 days in the year, 12 months' growing season and haying in January; 12 tons of alfalfa hay per acre annually; the greatest cotton country on earth; oranges, lemons, grapefruit, peaches, grapes, apricots, dates figs and other fruits and melons produce more bountifully and reach the markets earlier and consequently bring better returns than from any other section of the United States. Fruits are not grown anywhere else in the world with the quality of flavor of the Yuma fruits. Crops will bring annual returns of from \$100 to \$1200 per acre annually. You may live here in comfort and happiness, surrounded upon every side by smiling prosperity. Ten acres here is better than a life-time salary of \$125 per month; twenty acres will in a short time make a large family independent, while forty acres, if properly handled, will bring a good fortune in a few years. Our water supply is unlimited, being diverted from the Great Colorado by the U. S. Government's \$3,000,000 irrigation project. Why live in the land of floods, snow, sleet and ice, cyclones and blizzards and eke out a mere existence when there is open to you the lands of the wonderful Yuma Valley; where exists perpetual sunshine, prosperity and happiness, where life is worth living. Having grt. sell your holdings or mortgage for all you are able and come NOW. For literature address McCURE REALTY, LOAN AND TRUST CO., 352 2nd St., Yuma, Arizona. St-pd-4-10

Boys' Easter Clothes

If we could place our Boys' Department with its wonderful stock of suits before the eyes of the hundreds of mothers in and around this town, there would be no need to tell them through these advertisements that we are ready as never before to serve them.

Their own eyes would tell them that the mother who can not find in this stock, the suit she wants for her boy must be looking for a suit that has not yet been manufactured.

We are positive that she who values good dollars and the good appearance of her boy will be well pleased with our selection.

Our stocks are at their best right now.

JUDGE BUTLER LOSES.

Pikeville, Ky., March 24.—The Court of Appeals last week annulled the election of John F. Butler as Circuit Judge of the 35th Judicial District, in the case of Roberson vs. Butler, charging the defendant with the use of money, etc., in securing his election. Roberson was the defeated candidate upon the Democratic ticket for the office at the election of November 1912; and as the Governor must now appoint a successor to serve for the remainder of the term, Judge Roberson may apply to Gov. McCreary for the appointment. Both men have served with credit on the judicial bench.

Other Democrats prominent in the political arena are aspiring for this appointment, among these are F. W. Stowers and Elmer D. Stephenson. Friends of Judge Butler have thought that the Governor would perhaps reappoint him. Roberson was appointed to fill out the remainder of the term when the district under Judge Kirk was divided to form the new district three years ago.

The court conceded a majority of 131 votes to Butler; but also held that much money was expended by both sides in the race, and upon this ground the election was nullified.

CAMPBELL-PATTON CONTEST.

The Circuit Court last Friday rendered a decision in favor of M. F. Campbell in the contest case over the office of County Superintendent of Schools filed by him against Geo. W. Potter, the democratic nominee. The case has attracted considerable

attention since the election last November, and a considerable portion of the court's time has been consumed in the trial, because ballot boxes had to be opened in various precincts of the county and their contents examined in the presence of the court, in order to definitely settle the questions of disputed majorities and allegations of fraud. The result gave Campbell a clear majority of 33 votes.

THE STRATFORDS.

The Stratford Quartet, of vocalists and instrumentalists were heard in a successful and altogether pleasing musical and literary recital last Saturday evening. The program had been carefully prepared, and in the voice numbers great skill and training were displayed. In its makeup the program embraced both the serious and the grotesque. The song, "The Sand Man's A Comin'," was especially pleasing to the children. Among the classic works of the musical art, the first number by the instrumental quartet was two selections from the operatic works of Richard Wagner, the Prayer from Rienzi, followed by the ever popular Pilgrim Chorus from Tannhauser. This great composer has become so universally popular among music lovers the world over that every program of importance contains some selection from his works.

Dr. Kell announced during the course of the recital that Col. Richmond P. Hobson, hero of Santiago Harbor, who was to have appeared here in February, but failed to meet his appointment on account of unavoidable circumstances, will be

CATARRH OF THE PHARYNX.

Clearing out your throat every day, all day. That is what you have been doing for months. Possibly years. A little mucus covers the pharynx.

If you were to go to a doctor he would tell you that you have pharyngitis. If you were to look into your own throat you would find just back of the soft palate a red, lumpy, granular appearance of the back part of the throat. Pharyngitis the doctors call it.

Perhaps he would call it, follicular pharyngitis. It causes you constant annoyance. You are always making slight disturbances when seated in an audience. Can't hold your throat still. Strains mucus bothers you. Worse in the morning.

A-hem! A-hem! A-hem! That is the way you are going nearly all day. Sometimes in the night when you wake up. You ought to gargle your throat with salt water every morning. Cold salt water. That clears out the throat perfectly and makes it ready for treatment.

Peruna is the treatment. Begin with a teaspoonful before each meal and at bedtime. Try it for a week. You will be convinced. Of course, Peruna will not entirely relieve you in a week. That is too much to expect of any remedy. But it will benefit you so much you will be convinced. Yes, it will. It has done this many times.

Follicular pharyngitis. Big words. Almost as bad as the disease. But if you take Peruna for one month regularly, you may forget that you ever had such a disease. Then you will have a perfect right to forget the big words too.

People who object to liquid medicines can now obtain Peruna Tablets.

here to address the people of Pikeville some time during the month of April.

WRECK.

Six cars out of a coal freight were wrecked at the Auxler avenue crossing at 9:30 last Sunday night. Of these, four were loaded, but no one was hurt. The exact cause of the disaster is not known, but it was thought to have been either a broken or spreading rail.

One of the cars smashed a telegraph pole and grounded within a few feet of Mr. Doole's house. Twenty-five yards of tracking were torn up, and traffic was delayed for twelve hours.

SMALLPOX OVER.

Last week a general public fear of a possible smallpox epidemic was allayed, and the State Board of Health was notified of the circumstances. Dr. M. W. Steele, of Bowling Green, arrived here Sunday to make a thorough and exhaustive investigation, and he met the local Board in session Monday morning.

Dr. Steele found that the situation is not nearly so acute as the public feared, and that there is no real cause for alarm. At present there are only two cases of the disease in Pikeville, and these are being properly cared for. He delivered a lecture upon general health subjects to the students of the public school and at Pikeville College Monday morning and afternoon, and to the general public at the court house Monday evening. A large gathering of interested people heard the illustrated lecture in the court room in the evening.

With a little care it is certain that within the next thirty days there will be no traces of the disease at Pikeville.

HOBSON COMING IN APRIL.

It has recently been announced that Col. Richmond P. Hobson, hero of Santiago Harbor and a thousand kisses, also U. S. Senator from Alabama, will appear here on the lecture platform some time during the month of April. He was to have made his appearance here in February, but owing to unforeseen circumstances arising, he was prevented from doing so.

NEW JAIL.

Contractor W. T. Currutt began tearing down the old jail house last Monday morning, and on the spot will rise a residence for the jailer and a modern, sanitary two-story prison, costing approximately \$40,000. This will be completed during the coming summer.

LUNCH STAND ROBBED.

The Sanitary Lunch Stand was burglarized at 8 o'clock last Sunday night, while its owner, J. E. Hynton, was at church. The cash drawer was relieved of twenty dollars, and the burglar has not yet been apprehended, though Hynton says he is yet in Pikeville, and that an arrest will be made at the proper time.

FREE MAIL SERVICE.

A dispatch from Washington, D. C., states the following: "Representative Langley has secured an installation of free city delivery service at Pikeville, Ky., and he hopes soon to have free city delivery established at Paintsville." Mr. Langley now wants to knock the people of Pikeville out of the fun of going to the postoffice.

LOCAL AND PERSONAL.

A new mining company, with John G. Smyth, former superintendent of the Consolidation mines at Jenkins, has leased the property of John Roberts at Penny, Ky., on Shelby creek, and will drive three entries for mining purposes at once. This property is located just above Yeager, on the Sandy Valley and Elkhorn railway.

B. P. Friend, prominent business man of Prestonsburg, was in Pikeville for a brief visit Tuesday.

Ostace Steele has moved his grocery store from the Huffman brick on Central avenue to the Bowles building just opposite.

The Keel & Pherigo millinery

store has moved one door south from their former location in the Pike hotel.

R. T. Gentry, of Louisa, was here last Monday.

Friday evening the Sunday school students of the M. E. Church South will present two comic plays entitled, "Aunt Jerusha's Quilting Party" and "Fun in a Photograph Gallery," at the church building. These plays will be given as a benefit performance to aid in the liquidation of the present balance on the church building debt.

Mrs. Lydia E. Hellier is putting down a concrete walk in front of her magnificent residence property on Second street.

T. G. Parker has added an awning to his store on Main street.

C. B. Sterling, superintendent of the Shelby Coal Mining Co. plant at Shebiana, was in town Tuesday.

The Trivette Grocery Co. has made considerable improvements on the interior of their store on Main street, which have added greatly to the appearance of the store.

Attorney W. H. Flannery, of Catlettsburg, was here last week.

Mrs. J. N. Blake and two sons, of Huntington, W. Va., who have been the guests of Mrs. Blake's parents, Judge and Mrs. J. M. Roberson, returned home last Friday.

Edgar P. Rice arrived here from Ashland last Friday.

Circuit Court Clerk Jas. A. Scott has been very sick with grippe for several days.

Mrs. K. P. Bentley and Miss Mollie Bentley, of Wales, Ky., the latter acting postmistress at that place, were the guests of friends in Pikeville last week.

Mr. and Mrs. Chas. R. Fuller and pretty little daughter Mildred left last Friday for Staunton, Va., where Mr. Fuller has accepted a position as ticket agent with the C. & O.

A new street sprinkler arrived last Saturday, which will be used on the paved streets this summer. This means no more dust.

S. R. Preston, of Ashland, was in town last Monday.

Attorneys F. W. Stowers and H. S. Howard have both been very sick for several days due to cold.

LETCHER COUNTY.

Whitesburg, Ky., Mar. 24.—The family of Chrissie Haynes, of Colly, in this county, is a stricken one, as during the week the 17-year-old son died of dropsy, and following three days the mother died after a long illness, leaving only two members of the Haynes family still living. They have the sympathy of the entire community.

There are a number of new cases of smallpox in and around this city, but neither officers have the matter pretty well in hand and there is no further alarm felt. There are four cases in the family of W. E. Hammons, immediately above here.

Members of the Letcher Fiscal Court in session here during the weeks were furnished with petitions for signatures of land owners in all parts of the county calling for voting of bonds in the sum of \$75,000 for bunding good roads in the county. The election, Judge Henry T. Day announces, will be held some time early in June. There is little doubt that the bond issue will carry largely. Let the spirit of good roads continue to increase.

At an early hour Friday morning the fire alarm was heard again in Whitesburg. In the east end the J. M. Hogg restaurant was burned out at a loss of about \$2000, no insurance. The county bridge also suffered some damage. It is said the building in which the restaurant was kept was owned by J. D. Hall, of McRoberts, who is at the head of the Y. M. C. A. there.

It is said that John F. Hartman has taken the oath of office and given bond for the Fleming postoffice in the new city of Fleming on Boone's fork, and that the office will be in operation within eight or ten days. The people of the new city certainly demand recognition and there should be no further delay in this much-needed convenience. Mr. Hartman will make a good postmaster.

Samuel Blair, of Apache, Okla., arrived here but too late to attend the last obsequies over his aged mother, Aunt Cella Blair, who died at the home of County Attorney Robert Blair here following a paralytic stroke received over three weeks ago. Dr. Blair did not arrive until Wednesday night, although Aunt Cella was buried Tuesday evening. Aunt Cella was in her 91st year and was dearly loved by everybody throughout the county.

A rich flow of natural gas was struck by well drillers on the W. H. Tackett place in the lower end of town at a depth of about 200 feet last week. Before it became known that gas actually existed William Adams, Jr., struck a match and lighted the gas. A light went spreading mountain high just at dusk and the people of the little city were much alarmed for a time. Gas was also discovered at two or three different points on Potter's fork in the corn fields. It is generally believed that practically the whole of Letcher county is rich in natural gas. A company is forthcoming to develop the properties here in Whitesburg.

Thursday evening snow began falling throughout Letcher county, which continued all the afternoon and following night. Friday morning there was from 10 to 12 inches of snow in the lowlands with from 14 to 16 inches in the mountains—the heaviest fall in ten years, perhaps. The big snow followed several days of summer like weather and came as a great surprise to the people who hoped that winter

MAKES OLD FOLKS FEEL AS SPRY AS YOUNGSTERS

EVERYBODY NEEDS A SPRING TONIC, YOUNG AND OLD. HERE'S A WONDER — ROOT JUICE — GUARANTEED. MONEY BACK, ROOT JUICE.

Feel sort of all tucked out, stiff, jointed, achy, lazy, kidneys bother you, have backaches, get up tired in the morning? Try a few doses of the wonderful ROOT JUICE and see what a difference it makes. You'll feel all made over. You never saw anything get into the blood and purify it, clean out impurities and build up the whole body like ROOT JUICE does.

It acts upon the whole system and at this time of the year, when the body is clogged up with filth and impurities of the winter and all the organs are half asleep it produces results that are surprising to most people.

ROOT JUICE strengthens the stomach, stirs up the liver, starts the bowels working right and gets

the kidneys busy. You don't have to take a gallon of it and wait six months for results. It tones up the nerves and puts new steam, vim, force and "fire" into you. It's the greatest tonic, builder and revitalizer for old folks you ever heard of. It's got to give results or you get back every cent it cost you. All good druggists have ROOT JUICE and they guarantee it. You take no chances when you try it. But be sure to get the real ROOT JUICE. Don't let any dishonest druggist try to push some worthless stuff on you. And tell you it's just as good. There's nothing just as good and you'll say so, too.

was over. At this time, however, the snow is rapidly disappearing and will soon be a thing of the past. Taking all in all this has been a severe winter.

John M. Riddle, of this city, received notice from Marshal Ford, of Middlesboro, of his appointment as Deputy U. S. Marshal of the district composed of Letcher and Knott counties, and will enter upon his duties at once. His appointment generally meets with the wishes of the democrats of the district.

County Supt. of Schools G. W. Jenkins has a petition which he will present at the next meeting of the County Board of Education asking for the establishment of a colored school in the city of Jenkins in this county. If the Board agrees favorably this will be the first and only colored school in Letcher county.

It is said here that work will be started this week on an extensive coal mining plant at Mater at the mouth of Boone's fork, on the Henry Potter place, above here in this county and that within two or three months everything will be in readiness to begin the shipping of coal. Cincinnati and Louisville parties are going to make the developments, the property having been leased some weeks ago.

W. H. Potter, of Mater, will open at once a big wholesale hardware store there in connection with his big wholesale grocery store. Mr. Potter is one of the foremost real good business men in Eastern Kentucky.

Suit has been instituted in the Letcher court by Nerva Tolliver against the Minerva Fuel Company for 100 acres of land lying in and

Improvements on the property are valued at about \$1,000,000, including six store buildings, office, hotel, bank and numerous residences. The land was originally deeded by Quiller Bentley to John Holbrook, a relative of the plaintiff, in which the latter retained a life interest in the property. The woman did not join Holbrook in a deed to the company.

Simon Bartlett, a well known former citizen of this county and resident of Richardson, has bought and moved to a farm near Ashland. This change is a loss to Lawrence county. Mr. Bartlett is an intelligent, industrious man, of excellent character, in short, just such a man as any community needs. His neighbors are sorry to lose him.

The three men, Charles Meade, Lundy Howard and Wade Risher, charged with robbing a C. & O. freight car at Paintsville, as was told in this paper last week, had an examining trial before a U. S. Commissioner of Catlettsburg last Thursday. Howard was discharged but the two others were held for trial and in default of bail were committed to jail.
